RETAIN HOPE FOR RATE REDUCTIONS

Congressmen Seek Action Despite Unfavorable Reply to President's Plea.

By DAVID LAWRENCE
Copyright 1923 by Jansville Daily Gazette

Washington—There is still hope that the railroads may be able to make a voluntary reduction in the freight rates on the big export crops, but the hope has not been abandoned by government officials. The railroads have been asked to make a voluntary reduction in the freight rates on the big export crops, but the hope has not been abandoned by government officials.

The general hope here among the members of congress from the northwestern states is that the eastern railroads are well able to make the reduction but that they have been persuaded by their western colleagues not to do so because the western roads are doubtful of their ability to stand the decrease.

President Coolidge first talked about a grain rate reduction with Edward Elliott of the Northern Pacific and then asked Samuel Reed, president of the Pennsylvania railroad if he would have the matter personally considered. Reed's reply was that he would have the matter personally considered for domestic transportation but that for export rates the railroads should be reduced to equal that which the railroads now give for coal destined for export.

Four Demand for General Cut
In talks of the reported refusal of the roads to grant the president's plea have not yet been received here, but the administration hopes something can be worked out.

What the railroads fear, it is said, is that if they were to voluntarily reduce rates on grain and coal, the shipper will demand decreases all along the line. Were it possible for the administration to give assurance against such a reduction, a different face might be put on the whole situation.

But the railroads are confronted with an even more serious set of circumstances if they do nothing for the relief of the farmer.

Each-Cummins Fight Leases
When congress returns and the farm blue and red ink take the time, discussion will unquestionably be renewed for the repeal of the so-called "cummins" clause of the Esch-Cummins transportation act, a clause which has been a thorn in the side of the farmers for some time. Probably no piece of legislation has been more generally misunderstood. It isn't a guarantee clause at all. It is simply a provision in the law which says it is the duty of the interstate commerce commission to fix rates so that the railroads at a whole, or in any particular rate group, will be able to earn a reasonable profit. It is a fair return upon the value of their property devoted to transportation purposes.

This does not mean that the railroads are guaranteed anything by the government, as a matter of fact, congress said that for a period of two years a return of six percent would be a fair return, but since March, 1922, when it took effect, a different face has been put on the whole situation. In 1922 they earned a little over three percent and in 1923 they earned four percent on their combined value.

The champions of the farmer have, however, insisted that the rates which the roads are permitted to earn are too high. They say that the roads are not able to earn that much.

Committee Sees President
Action for the repeal of the clause is based on the idea that the interstate commerce commission will be freed from restraint and will be able to fix rates at a level which will be fair to both sides.

Important to all Women
Readers of this Paper
Thousands upon thousands of women have known of bladder trouble and never suspected it.
Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.
If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.
You may suffer pain in the back, headache and anything else, but poor health makes you nervous, irritable and may be despondent; it makes any one so.
But hundreds of women claim that Dr. KIDNEY'S EXTRACT has restored health to the kidneys, proved to be just the remedy needed to overcome such conditions.
Many send for a sample bottle to see what "KIDNEY'S EXTRACT" will do for them. By enclosing ten cents to Dr. KIDNEY & Co., Birmingham, N. Y., you may receive sample bottle by "Express Post." You can purchase medium and large size bottles at all drug stores.

HALLOWE'EN KEEPS POLICE ON JUMP

Number of Calls Equals 1922 Record but Damage Is Much Less.

Halloween gangsters and practical jokes kept the police department on the jump for four solid hours Wednesday night and while there was not as much damage done as on the Halloween of 1922, there were as many calls out and they made almost as much trouble for the police as they did a year ago.

Soaping of windows of stores, houses and closed automobiles was the most popular prank. Street-cars were being pulled off and efforts made to barricade the tracks.

At the corner of West Milwaukee and Jackson streets, a large parcel and box was torn from its coverings and perched atop the mushroom light. In the next block a bath-tub light, the intersection of Jackson and "odge" streets, "barrowed" furniture was piled in front of houses on South Main street, and a wagon piled high with furniture was dragged down Milwaukee avenue.

On Eastern avenue, youths were blocking the street with a telephone pole when caught by the police. A milk wagon was pulled onto the East Milwaukee street and the milk broken. "Keep the City Clean" posters were strewn along the street-car right-of-way downtown. Corn cobs were thrown up the street and automobiles were driven or pushed away from their parking places and were recovered later by their owners.

Ordinance Now Effective—Following official publication this week, the ordinance making intoxication an offense punishable by the city, and fixing a maximum penalty of \$100 or six months is now in effect. Those unable to pay fines will be committed to jail and must remain there at the expense of the city. There is a provision for putting them to work under the commitment law.

BLOWN THROUGH DOOR; BRUISED
[BY ASSOCIATED PRESS]
Superior—The explosion of a bottle of flashlight powder in the overcoat pocket of Gilbert Gregg, itinerant photographer, as he was taking an interior picture of the Morris Pezani Clothing store here this morning completely wrecked the store and blew Gregg through the front door onto the pavement. After being taken to a hospital, Gregg was released, being only burned and bruised.

Surely Conquers
Rheumatism

Winchester, Ky., Citizen cheerfully recommends this wonderful remedy to all sufferers.
His letter follows: "Burns Avenue, Winchester, Ky. I had severe rheumatism for three months; tried several remedies without receiving any benefit whatever. A friend advised me to try ALLENRHU as it had cured him. I bought three bottles from the George Drug Co., this city. When I began taking this medicine I was unable to do any work. I could neither dress myself nor raise my hand to comb my hair. I am now almost well and feel confident this last of the three bottles I am now taking will completely cure me. I can cheerfully recommend this true wonderful remedy to any rheumatic sufferer. Signed Asa J. Keel."

TOKYO HONORS YANKEE ENVOY

Tokyo—An unusual demonstration was arranged for this afternoon, on the occasion of the departure of Ambassador and Mrs. Cyrus T. Woods of the United States for Yokohama, after a visit to the imperial palace, where the empress expressed her thanks to them for their work in behalf of Japan during and following the earthquake and fire.

At Yokohama they will spend the night, aboard the liner President Cleveland, on which they are to return to the United States.

Streets and buildings were gallantly decorated here today with Japanese flags in honor of the emperor's birthday, and the Stars and Stripes was displayed in many places in honor of the visit of the American ambassador.

NEXT FISK TALKS WILL BE NOV. 7

Merchandising Counsel Is Expected to Speak to Another Large Audience.

Nearly two hundred salespeople enjoyed the first talk of James W. Fisk, merchandising counsel of the Milwaukee Journal and the Jansville Gazette, and will be glad to hear that he will speak again next week, Wednesday, Nov. 7, at the Y. M. C. A. auditorium.

There will be no charge for either of the lectures, excepting a small charge to cover the cost of the luncheon at noon, but admission will be only upon presentation of tickets, which may be obtained at the Chamber of Commerce or the Gazette office.

Is Excellent Talker
Mr. Fisk has a wonderful knowledge of every phase of retailing and

increased sales reduce percentage cost. Systematic methods of conducting special sales events, how to buy merchandise for special events, the place of status in the sales campaign, and how to plan ahead and check progress in increasing business.

Session in Evening
At the evening meeting for salespeople and clerks, starting at 8:15, Mr. Fisk will speak on "How Advertising Selling, Leverage, Sales Resistance." During this discussion, Mr. Fisk will show how the salespeople may cooperate effectively with the institution's advertising, how advertising creates demand, linking displays with publicity, and stock arrangements as an aid to selling.

THANKS! AN APPRECIATION

The response to our announcement Monday of a universal price of 25c per passenger, anywhere in the city, was tremendous. Hundreds of new patrons placed their confidence in CHECKER CABS and its service. We were surprised at the enormous increase in business and we believe our patrons were surprised with our prompt courteous attention.

We greatly appreciate this expression of confidence on the parts of the residents of Jansville and vicinity and will continually strive to better our service in every way.

Clean, comfortable, roomy cabs. Courteous, efficient drivers and prompt attention to your calls.

Farm Collapse Riddled
By Land Bank President
(By Associated Press)
Kansas City, Mo., Nov. 1.—Farmers of Missouri, Kansas and Oklahoma have borrowed \$40,000,000 from the Kansas City joint stock land bank and are paying their interest regularly, Walter Cravens, president of the bank said in a statement issued today.

"I cannot see any reason for reports that are being circulated in the east that the agricultural industry has collapsed," he declared. "A reduction in freight rates on farm products, proportional to the decrease in the agricultural values, is the farmers' greatest need at present, the bank president asserted."

RICHMOND COUPLE
MARRIED 50 YEARS

Mr. and Mrs. Herman Scharine
Celebrate Golden Wedding;
Children Present.

(SPECIAL TO THE GAZETTE)
Richmond—Mr. and Mrs. Herman Scharine celebrated their golden wedding anniversary at a family celebration Sunday at the Mrs. Arnold Scharine home, when all of their children and their families were present. Their children are: Carl, August, Arthur, Paul and Oscar, Mrs. Scharine's sons; Mrs. Edward Matthews, Mr. Scharine's daughter; and his wife, 73.

Present from out of town were Mr. and Mrs. Gail Scharine and son, Herbert, Milwaukee; Mr. and Mrs. Herman Boltz, R. Adams and son, William, Milwaukee; and niece, Mrs. Green, Duane; Herbert West, Jr., daughter; Marion, Oconomowoc, and Mr. and Mrs. Schields, Milwaukee.

The children gave a reception for the parents at the Richmond hall, preceded by a service at the Lutheran church, of which the couple are members. All the relatives and members of the church were present when the two were married.

Assisting in serving were Esther Matthews, Eldora Zanton, Freda Emma and Clara Rappold, Geneva; Mrs. J. J. Schilling, Lauretta Pinnow and Mabel Schaefer. The hall was decorated with gold and red, with streamers to the ceiling of yellow chrysanthemums. The wedding cake was decorated with gold. The bride wore a gold wreath and the groom a gold boutonniere.

The couple was presented with a \$10 gold piece by the Ladies' Aid society.

BIG DONATION FOR GERMAN CHILDREN

Movement to Feed 2,000,000 During Winter Given Quick Impetus.

(By Associated Press.)

Chicago. — The movement to relieve the need for food in Germany during the coming winter, sponsored by the American Society of Friends, received an impetus today with announcement that Chicagoans had already subscribed \$125,000.

Producers for this amount were announced after the first meeting arranged for Mayor General Henry T. Allen, former commander of the United States army of occupation in Germany, who is directing the drive for funds.

He pointed out the need for feeding 2,000,000 German children daily during the coming winter months. The first subscription to the fund was made by Julius Rosewald, president of Sears, Roebuck and Company, who gave \$100,000. Two donations of \$10,000 each were added by E. A. Cudahy, packer, and E. A. Eckhart, president of Eckhart Milling company.

Pupils Must Be Given Exercises

According to a recent school law at least two and one-half hours a week must be devoted to calisthenics in the rural school, with the result that Rock county rural teachers are this year introducing physical training into their study course.

State Superintendent J. Callahan has recommended a series of lessons in physical culture given out in a correspondence course, by the University of Wisconsin Extension division. Mr. Callahan has notified the various county superintendents of his approval of the course asking the rural teachers to avail themselves of it.

Inasmuch as the law regarding the teaching of physical culture is a recent one, most of the rural teachers have had no training in this line. Supervised play with the children at the noon hour consists, in part, of the work being done in calisthenics in the rural schools of Rock county.

FIERY ATTACK IS MADE ON MORMONS

Church's Great Power Lies in Enormous Wealth, Says Mrs. Shepard.

"The great power of the Mormon church lies in its wealth," according to Mrs. Lulu Loveland Shepard, of Salt Lake City, Utah, who spoke at the Congregational church here yesterday night under the auspices of the Federation of Women's clubs.

"The Mormon church is the most wealthy, commercially, of any in the world," she said.

Mrs. Shepard stated that millions of acres of land were owned by the church, not only in United States, but in Hawaii, Samoa, Mexico, Canada, Panama and Cuba. She also stated that it owns 2,000 miles of railroad in this country.

The sugar beet industry is controlled by the Mormons, according to Mrs. Shepard, who said that they were the first to introduce the industry into America, and now own 15 factories in Utah and many in other states. She gave this as the reason for the great advance in the price of sugar sometime ago, saying that in one place 100,000 sacks had been hoarded and was exposed by Hoover upon information given by her.

Control Papers Is Charge

In her attack, Mrs. Shepard stated that few papers or magazines had dared to print the statements which she made, as so large a share of their stock was in the hands of the Mormon church. She cited one case of a large Philadelphia paper printing in the briefs on the back, "Mrs. L. Shepard spoke on prohibition last night." She also stated that a large share of the stock of press associations and newspaper syndicates is controlled by the church. According to Mrs. Shepard about everything in the country was controlled or directed by the Mormons.

According to Mrs. Shepard, polygamy is the basis of the Mormon belief, and they are taught that their god himself has many wives. As an illustration, she stated that at Joseph P. Smith's funeral, his family attended in 50 automobiles.

According to Mrs. Shepard, the present law on the subject reads: "Polygamy may not be practiced in any of the territories under the jurisdiction of the United States," but no longer applies because there are no territories. She stated that all states have laws against polygamy, but showed the distinction between the two by which the Mormons were able to elude conviction on a charge of that kind.

Mrs. Shepard stated that Sen. Reed Smoot of Utah is in line to head the Mormon church and is also likely to head the senate finance committee in the next Congress in which case, she said, the public money would be controlled by the church.

Mrs. Shepard was introduced by the Rev. P. E. Case, who had met her at Pittsburgh some time ago where she had spoken before representatives of most countries at a world church conference.

Mrs. Shepard will also lecture in Evansville, Edgewood, Alton and other towns in this vicinity.

IN JAPAN WEEK AFTER DISASTER

C. O. Coon Sees Scenes of Horror Following Great Earthquake and Fires.

An eye witness to the scenes of horror following Japan's greatest catastrophe Sept. 1 and tossed about on the sea off the coast of China for two days by the tidal wave and typhoon which accompanied the disastrous earthquake, Carroll O. Coon, 35101st Junction, a former member of the Gazette advertising staff, has returned home. His family had great fears for his safety for several weeks, knowing that he was "somewhere in the Orient" during the earthquake and sweeping fires which laid in ruins the two leading cities of Japan—Tokyo and Yokohama.

Mr. Coon, an employee of the Burdick Calkins company, Milton, was in Yokohama less than two weeks before the disaster and visited the former city a week after it occurred, but luckily was at sea when the earthquake took place.

Ships Are Destroyed.

Approximately \$1,000 worth of ships which he had purchased for the Western Export and Import company, Seattle, Wash., were destroyed. He had left them in the Grand hotel at Yokohama while he went on to China and when he returned three weeks later he found the hotel a mass of ruins, completely wrecked and burned as were thousands of other buildings and houses in both Yokohama and Tokyo.

Dead bodies lay everywhere and the canals and rivers were choked with them. The ruins were still smoldering when Mr. Coon arrived.

LONGBOTHAM GETS REPORTS EARLIER TO CHECK UP ABSENTEES

Attendance reports are due at County Superintendent William T. Longbotham's office Thursday. All rural teachers are bound to send in reports showing the absence and attendance in their schools along the beginning of school. In former years this report was not sent in before Feb. 1, but a ruling of Mr. Longbotham requires that these reports be sent in at an earlier date. This ruling was made that checks can be made upon those pupils who are not attending school before the school year is too far advanced. Reasons for long absences of pupils from school must be stated by the teachers in their reports.

SCHOOL CLOSED DUE TO MAN'S ILLNESS

The Wilber school, district 4, Porter, has been closed several days owing to the serious illness of Wilber Porter, husband of the teacher of the school. Mr. Porter is suffering with an attack of double pneumonia and Mrs. Porter is caring for him.

PLAN CHANGES IN FISCHER THEATER

Will Enlarge Seating Capacity and Lobby — Mezzanine Floor Proposed.

Changes in plans for the proposed Fischer's Jacksonville theater to provide a mezzanine floor and increase the seating capacity from 1,400 to approximately 2,000 were announced Wednesday afternoon by Frank Fischer following a tour of inspection here with his steel contractor and architect. Elimination of the plan for stores so as to enlarge the lobby and provide more space for lounge rooms is also proposed. A horseshoe row of boxes will be placed on the mezzanine floor but there will be no general balcony seats.

"While the general plan will be retained, several small changes will be made by it, Lavinie & Co. builders and architects for the Chicago and Tivoli theaters in Chicago," said Mr. Fischer. "The new plans will be ready, we expect, within a week and we hope to be able to start operations within three weeks."

The men accompanying Mr. Fischer on his recent trip to Jacksonville were Samuel Kline, Chicago, steel engineer for the Chicago and Tivoli theaters, and E. Lavinie & Co. builders and architects. The Lavinie firm is understood to have the theater under construction in Illinois and Indiana, and in addition is building the \$5,000,000 Paramount theater in New York.
